

## Richard Heath & Associates, Inc. (RHA)

If you are a talented Electrician wanting to make a difference, this is the job for you!

RHA is seeking a full-time certified residential, general or C10 electrician, contributing to a new program providing electrical power resiliency through the newly emerging energy storage industry to reduce greenhouse gases and lower their carbon footprint. This position requires driving to and servicing the San Joaquin area. RHA will reimburse for driving expenses as well as cover any lodging or relocation costs, as needed.

Ideal candidate will possess:

- Enjoys solving problems.
- Sense of urgency about their work; doesn't wait to be told what to do.
- Flexible with their day; no two will be the same.
- Willing to travel, using company vehicle, up to 200 miles per day.
- Physically able to move and load batteries using a hand truck and other lifting tools.
- Customer service mindset, including doing whatever it takes to get the job done.
- Certified residential electrician or a certified general electrician.

### What you can expect from RHA:

- A respectful, passionate employee culture dedicated to improving the lives of others
- A collaborative team who support one another and provide you the tools and resources you need to succeed
- Paid time off to balance the demands of life
- Company paid medical benefits
- Secure, successful company that is celebrating 40 years in business
